ردیف	سوالات (سری اول)	نمره
۱۳	Reading متن زیر را بخوانید و به سوالات داده شده هر قسمت پاسخ دهید. Travel is about visiting new places and meeting new people. When visiting a destination, a traveler should take care of people, places and cultures. So, before any travel, we must pay attention to some points. First, we must read as much as possible about the main tourist attractions we are going to visit. Searching the Internet is an easy way to know about them. Also, learning a few words and phrases of the local language can be very useful, especially when we meet new people there. When we meet local people, we must not forget that we are guests! So, we must respect their way of living. When visiting historical and especially holy places, we must respect them, too. When we visit natural places such as lakes, forests and deserts, we must protect the plants and wild animals. In this way, every travel can be a great experience for us. Answer the following question. 1) Is it good to surf the net to know about our trip? Choose the best answer. 2) What is the meaning of "way of living" in line 9? a) guest b) language c) culture d) Internet <u>True / False</u> 3) Learning about other cultures is not important for a traveler. a) True b) False 4) Reading is a good way to know about a tourist destination. a) True b) False	۴

۱۴	Reading متن زیر را بخوانید و به سوالات داده شده هر قسمت پاسخ دهید. Microbes are really wonderful. They are everywhere! They live all around you, on you and inside you! Microbes are very small, so you can't see them. But don't worry. Some microbes make you sick but most others keep you healthy and even help you to fight disease. There are so many different types of microbes. We still don't really know how many there are, but we know that microbes do lots of different things. Bacteria and viruses are two important types of microbes. Bacteria are really important microbes. They are very small. They have only one cell. Bacteria can live in any area of the earth. They aren't all bad; in fact, you couldn't live without some bacteria! Viruses are among the smallest microbes on the earth, even smaller than bacteria. They are different from bacteria because they cannot live on their own. Viruses need to be inside a living cell to live and grow. There aren't many good things about viruses – they usually attack your body and make you sick! Answer the following question. 1) How are bacteria different from viruses? Choose the best answer. 2) The word "area" in paragraph 3 means a) type b) thing c) place d) cell <u>True / False</u> 3) Microbe is an important type of bacteria. a) True b) False 4) Bacteria do not need to be inside a living cell to live. a) True b) False	۴

Tourism can be domestic or international. a) entertainment: the behavior of a group of people b) culture: the way of life c) domestic: activities that people enjoy d) international: relating to one country	M
---	---	---

The world around us is full of **amazing** things. Knowing this beautiful world is very interesting for humans. One group of people who study the world are scientists. A scientist studies nature, animals, or people. Scientists work hard and do research to solve problems, find facts or invent new things. Scientists learn about the world by observing and experimenting.

There are different types of scientists. Some of them study plants, earth, seas, or animals. Others study people and how **they** behave and learn. Some scientists like to study history or languages. Others are interested in making new things. They want to make people's lives easier.

Some scientists become very rich and famous. Many people around the world may remember their names and faces. But this is not what they call 'success'. They feel successful when they solve problems and find answers to their questions.

❖ **True / False**

45) Only scientists like to study the world.

a) True b) False

46) Scientists think 'success' means becoming rich.

a) True b) False

❖ **Choose the best answer**

47) The word "**amazing**" in line 1 means

a) different b) new c) wonderful d) easy

48) The pronoun "**they**" in paragraph two refers to

a) people b) animals c) seas d) scientists

❖ **Answer the following questions.**

49) Why do scientists work hard and do research?

50) How do scientists learn about the world?

When Galileo was a boy in Italy in 1574, he studied science. As he grew older, Galileo became interested in studying the stars. At that time, most people believed the sun moved around Earth. Galileo said that Earth moved around the sun.

Galileo got his idea after he read a book and learned more about stars. Galileo studied Jupiter with a telescope. **It** helped Galileo find some of Jupiter's many moons. He saw that the moons moved around Jupiter. Now he knew that some things in the solar system did not move around Earth!

Galileo wanted to tell everyone about his idea, but he had a problem. Some people in Italy did not like the idea that Earth was not the center of the world. They wanted to kill him if he did not say that his ideas were wrong. Galileo agreed, and **instead of** being killed, he spent the rest of his life in prison. However, Galileo was right! Today we know that the planets move around the sun.

❖ **True / False**

51) Galileo was born in 1574.

a) True b) False

52) Galileo was killed for his beliefs.

a) True b) False

❖ **Choose the best answer**

53) The pronoun "**it**" in paragraph two refers to

a) telescope b) book c) idea d) science

54) The underlined word "**instead of**" means

a) not many b) the time after now c) in place of something else d) things that are true

❖ **Answer the following questions.**

55) Why did some people in Italy have a problem with Galileo's idea?

56) What did Galileo discover by observing Jupiter?
